The Gandhi Team commits to supporting all Peace Ambassadors who serve as members of a peace team at various protests and rallies. This includes providing training, coordination, and gathered intelligence to prevent harm as best as possible according to our capacities. We will walk with and accompany anyone who experiences physical and psychological injuries.

I have read the Gandhi Team Safety Protocols, and I agree to abide by the expectations for Peace Ambassadors as outlined therein.

I hereby release the Gandhi Team from any legal or financial liability for any physical injury or psychological trauma that might result from my volunteer Peace Ambassador service with the Gandhi Team.
